## DETAILED ACTION

### *Reissue Applications*

1. The reissue oath/declaration filed with this application is defective because it fails to identify at least one error which is relied upon to support the reissue application. See 37 CFR 1.175(a)(1) and MPEP § 1414. Applicants have argued that on page two of the declaration they clearly set forth at least one error which is relied upon to support the reissue application.

The examiner does not agree. Applicants have the following statement in the declaration: "In particular, there is a possible defect in independent claim 1...". This statement suggests only the possibility of an error. The statement does not clearly set forth any specific error. Thus, the declaration is defective failing to specifically identify at least one error which is relied upon to support the reissue application

2. Claims 2-23 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect(s) in the declaration is set forth in the discussion above in this Office action.
